MEETING ANNOUNCEMENT

April 8, 2009, 1:00 to 3:30

**Comfort Lake – Forest Lake Watershed District
Lake Impairment TMDL Project
TAC/CAC Stakeholder Meeting**

The Comfort Lake - Forest Lake Watershed District (CLFLWD) Managers invite you to attend a meeting on **Wednesday, April 8th at 1:00 p.m., at the Forest Lake City Council Chambers, 220 North Lake Street, Forest Lake, MN.** This is the fourth in a series of five meetings of the stakeholder's group to discuss the TMDL process for the District's six impaired lakes, provide input, and review study outcomes.

The first four stakeholder meetings were held in 2007 as part of a watershed-wide water quality (load allocation) modeling and preliminary design development process which provided the basis for the CLFLWD capital improvement plan (CIP), and is the basis of the resulting TMDL.

Topics to be discussed at this TMDL Stakeholder meeting include:

- Overview of TMDL process
- Overview of impaired lake quality
- Load Allocation process and assumptions
- Wasteload Allocations for each municipality
- Overview of Implementation Plan
- Gather implementation ideas from Municipalities

We welcome your participation and hope that you will contribute by sharing your knowledge of the watershed, watershed and water quality problems, ideas for improvement, or by providing input to the technical work. If you prefer, you may propose another person to represent your agency/organization in your place. Please respond to Randy Anhorn (randy.anhorn@clflwd.org or 651 209 9753) if you plan to attend or if you are unable to attend the meeting but would like to be part of the stakeholder process.

Board of Managers

Richard P. Damchik—President Jackie A. Anderson—Vice President Wayne S. Moe—Secretary
John T. Lynch—Treasurer Jon W. Spence—Manager
