EOR Project Tracking		Project Tasks	2022												2023	2024	Recent Activities	Upcoming Activities	Comments	
			Jan.	Feb.	Mar.	Apr.	May	Jun.	Jul.	Aug.	Sept.	Oct.	Nov.	Dec.						
3000 - Programs																				
3002	Permitting	As submitted																Pre-permit coordination/meetings. Gregory Building and Parking Lot review. Comfort Lake Overlook review. Erosion Control Permits	Ongoing permit reviews.	
3003	Monitoring & Data Assessment	Stream Monitoring																Ongoing monitoring and equipment maintenance	Ongoing monitoring and equipment maintenance	
3006	Tech Resource Sharing	3006C - H&H Model Update																Processing and collection of available data. Model Construction.	Hydrology and Hydraulics data input.	
		3006F - Watershed Management Plan Update																Watershed Plan Update completed and approved.	Ongoing review and tracking of plan activities.	
3009	Grant Research & Preparation	Various																Coordinate with District staff on potential future grant opportunities.	Continued assessment of other grant opportunities.	
3010	O&M	Moody and Shields Lake aerators																None.	Assist District staff as needed.	
		250th Street Ditch Clean Out																Spring walkthrough and inspection	Coordination with County on culvert replacement (Summer 2022)	
		Bone/Shields Lake fish barriers																None.	Provide assistance as requested by District Staff.	
		Shields Lake Reuse System																None.	Reuse system support as necessary with FHGC and District staff.	
3011	AIS Management	Support District Staff as-needed															None.	Provide assistance as requested by District Staff.		
5-520-B	Natural Resource Inventory and Assessment	District-wide data collection															Utilization of hydrologic modeling results to identify priority wetland inventory areas.	Coordination meeting #4 with District Staff to review results of priority wetland GIS results.		
5000 - Projects																				
5220-A	Volume Control Planning PM: Greg Graske	Regional Treatment Location Identification																City report was presented to the CLFLWD Board for review at the October 28th Board Meeting. Meeting with City of Forest Lake on April 29th.	Develop MOA regarding use of regional treatment.	
5220-B	Greenway Visioning PM: Kevin Biehn	Board Workshop Phase XXX Phase XXX																None.	Project on hold.	
1- 5222-F2	Bone Lake NE Wetland Restoration PM: Kyle Crawford Bone Lake Reduction: 15 lb/yr	Construction & site restoration																Final seeding & restoration	Final punchlist walkthrough, cleanup and project closeout	Multi-year grant, ending Dec. 2023. Preliminary life cycle cost estimate: \$250/lb TP/yr
1- 5-221-B	Moody Capstone Projects PM: Jason Naber Moody Lake Reduction: 45lb/yr	Implement several BMP in the Direct Drainage area of Moody Lake																BWSR Grant approval notice	Project kickoff meeting with District Staff	
1- 3-004-E	Melanie Trail BMPS PM: Kyle Crawford Lake Reduction: 2 lb/yr	Bone Provide BMP design for City of Scandia Road Improvements																Pre-construction meeting with City, Contractor	Road, storm sewer construction	
2- 5225-C 5225-D	Little Comfort Implementation PM: Jason Naber Reduction: 206 lb/yr	Heath Avenue implementation School Lake outlet channel Little Comfort alum treatment																East wetland outlet feasibility and modeling, evaluation of outlet options and flood minimization scenarios	Wetland outlet feasibility design and evaluation of options, alum treatment calculations	Multi-year grant, ending Dec. 2023. Preliminary life cycle cost estimate: \$250/lb TP/yr
2- 5-225-C	Gravel Pit Infiltration Investigation PM: Jason Naber	Investigate suitability for additional treatment volume																Evaluation of options for including gravel pit in Little Comfort, East Wetland project	Prepare schematics to communicate potential options to landowner. Set meeting with District staff to review schematics.	
3-	Forest Lake In-Lake Feasibility Study PM: Cecilio Olivier	Investigate future Alum Treatment or other in-lake practices																Took additional sediment cores on May 27th. Preliminary estimate of dosing rates and costs for 2023 budgeting	Review data and from additional cores.	
3- 5228-L1	WJD 6 Implementation PM: Kyle Crawford FL Reduction: 85 lb TP/yr	CR-50 IESF Feasibility Design																Finalize design, modeling, report; submitted Board authorization for bidding	Solicit contractor bids for construction	Multi-year grant, ending Dec. 2022. Preliminary life cycle cost estimate: \$700-900/lb TP/yr
3- 5-228-D	WJD 6 Implementation PM: Kyle Crawford FL Reduction: 38 lb TP/yr	WJD-6 Wetland Restoration																BWSR grant approval	Project Kickoff	
4- 5229-A	Comfort Lake Diagnostic Phase 2	1. Watershed Characterization 2. Water Quality Modeling 3. Goals & Implementation																Presented final report to board on 4/28/21.	LMD diagnostic monitoring for Comfort and Little Comfort Lake in 2022.	Multi-year effort.
4- 5229-E	BMP Impl. on Tax Forfeit Land PM: Kevin Biehn Comfort Lake Reduction: 60 lb/yr	Sunrise River Drained Wetland Restoration Feasibility Design																WCA correspondence, advancing 60% design.	Onsite meeting w/ WCA TEP, Hwy 61 ROW soils borings, advancing 60% design	Multi-year grant, ending Dec. 2022. Preliminary life cycle cost estimate: \$500/lb TP/yr
5920-A	Land Acquisition Review PM: Jason Naber	Various sites																None.	Provide assistance as requested by District Staff.
