

MEMORANDUM

Comfort Lake-Forest Lake Watershed District

To: Board of Managers

Date: August 4, 2017

From: Mike Kinney

Subject: Forest Lake Wetland Treatment Basin (3rd Lake Pond)

Background/Discussion

I will be providing the Board with an update on the 3rd Lake Pond project regarding a variety of items. Presently, there is a meeting on site with the City of Forest Lake staff, a City Council member, President Anderson, residents and myself. Depending on the outcome of this meeting, I may be looking for guidance on how the Board wishes to proceed with certain items related to the project.
