INDEPENDENT AUDITOR'S REPORT

Board of Managers
Comfort Lake - Forest Lake Watershed District
Forest Lake, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Comfort Lake - Forest Lake Watershed District, Minnesota (the District), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2014 and the respective changes in financial position and the budgetary comparison for the General fund and the Program and Project Implementation fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis

As management of the Comfort Lake - Forest Lake Watershed District (the District), Forest Lake, Minnesota, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with the financial statements, which follow this section.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$1,669,166 (net position). Of this amount, \$1,603,553 (unrestricted net position) may be used to meet the District's ongoing obligations.
- The District's total net position increased by \$7,735, which is mostly due to revenues exceeding expenses, which was mostly due to grants received for project and program expenses.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$1,636,257, an increase of \$9,807 in comparison with the prior year. This increase in fund balance is due to an excess of revenues over expenditures.
- The ending General fund balance is \$156,876, which is comprised of nonspendable (\$2,863) and unassigned (\$154,013). The total fund balance is 93.5 percent of the 2015 General fund budgeted expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District’s basic financial statements. The District’s basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplemental information in addition to the basic financial statements themselves.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of combining and individual fund financial statements and schedules that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another.

**Figure 1
Required Components of the
District’s Annual Financial Report**

Figure 2 summarizes the major features of the District’s financial statements, including the portion of the District they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis explains the structure and contents of each of the statements.

**Figure 2
Major features of the Government-wide and Fund Financial Statements**

	Fund Financial Statements	
	Government-wide Statements	Governmental Funds
Scope	Entire District	The activities of the District
Required financial statements	<ul style="list-style-type: none"> Statement of Net Position Statement of Activities 	<ul style="list-style-type: none"> Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balances
Accounting Basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included
Type of in flow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., grants and earned but unused vacation and sick leave).

The governmental activities of the District include general government, program costs, and project costs.

The government-wide financial statements start on page 22 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District currently maintains two governmental funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund balance sheets and the governmental fund statements of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District adopts an annual appropriated budget for its General fund and Program and Project Implementation fund. A budgetary comparison statement has been provided for the General fund and Program and Project Implementation fund to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 26 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 33 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$1,669,166 at the close of the most recent fiscal year.

Comfort Lake - Forest Lake Watershed District's Summary of Net Position

	December 31,		Increase (Decrease)
	2014	2013

The following graph depicts various governmental activities and shows the revenue and expenses directly related to those activities.

Revenues by Source - Governmental Activities

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$1,636,257, an increase of \$9,807 in comparison with the prior year. Approximately 9.4 percent of this total amount, \$154,013 constitutes *unassigned fund balance*, which is available for spending at the District's discretion. The remainder of fund balance, \$1,479,381, is either 1) nonspendable (\$2,863), 2) restricted (\$56,176), 3) committed (\$730,662) or 4) assigned (\$692,543) for the purpose described in the fund balance sheet section.

The General fund is the chief operating fund of the District. At the end of the current year, the fund balance of the General fund was \$156,876. As a measure of the General fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Total fund balance represents 74.3 percent of 2014 actual expenditures and 93.5 percent of 2015 budgeted fund expenditures. The General fund balance decreased by \$83,944 during the current fiscal year.

The fund balance of the Programs and Projects Implementation fund at year end was \$1,479,381 which is an increase of \$93,751 from the prior year. This was due to revenues exceeding expenditures.

General Fund Budgetary Highlights

The District's General fund budget was not amended during the year. Revenues were over budget by \$765, which can be attributed to interest on investments. Expenditures were over budget by \$84,709. The largest variance was due to engineering fees and legal fees which were over budget by \$47,525 and \$22,638, respectively. These expenditures were over budget mainly due to more project activity. This expense was related to activity in the Program and Project Implementation fund. However the Board approved these higher than anticipated fees being expended from the General fund.

Program and Project Implementation Fund Budgetary Highlights

The District's Program and Project Implementation fund budget was not amended during the year. Revenues were over budget by \$186,955, which can be attributed to grant revenues of \$165,906 which were not budgeted for. Expenditures were lower than budgeted by \$497,046, which is mostly due to some project costs being under budget and planned carry forward for large upcoming capital improvement projects.

Capital Assets

The District's investment in capital assets for its governmental activities as of December 31, 2014 amounts to \$9,437 (net of accumulated depreciation). This investment in capital assets only includes land. The District's investment in capital assets for the current fiscal year was 0.6 percent of total net position.

Additional information on the District's capital assets can be found in Note 3B on page 39 of this report.

Comfort Lake - Forest Lake Watershed District's Capital Assets (net of depreciation)

	December 31,		Increase (Decrease)
	2014	2013	
Land	\$ 9,437	\$ 9,437	\$ -

Economic Factors and Next Year's Budgets

The District goes through a multi-stage process to develop its annual budget. This first step includes an annual review of the Watershed Management Plan and associated CIP along with input from various partners and quotes from anticipated contracted professionals. After this part of the budget is complete, the Watershed District Board meets several times to consider current and projected projects, programs, staff adjustments, etc. to develop the rest of the budget. For the 2014 fiscal year, the District completed several project agreements for future projects as well as the completion of one large project installation. Of particular interest for 2014 was the completion of several large project planning efforts and the Target Corporation stormwater retrofit project. Additionally, the District received the grant award for the Bixby Park project. A larger number of smaller projects and lake management programs are planned for implementation in 2015.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mike Kinney, Administrator, Comfort Lake - Forest Lake Watershed District, 44 Lake Street South Suite A, Forest Lake, MN 55025.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting entity

The Comfort Lake - Forest Lake Watershed District (the District), Forest Lake, Minnesota was originally created in 1999 by the Minnesota Board of Water and Soil Resources (the Board) as provided in Minnesota statutes Chapter 103D and began operations in 2000. The District was established to promote the public welfare and public interest and will advance the purpose of Minnesota statutes, chapters 103B and 103D. The District is operated by a five member Board of Managers appointed by the Washington and Chisago Boards of Commissioners for three-year terms.

The District has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The District has no component units that meet the GASB criteria.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. Measurement focus, basis of accounting and basis of presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues, and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include grants, entitlement and donations. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The District reports the following major governmental funds:

The *General fund* is the general operating fund of the District. It is used to account for financial resources to be used for general administrative expenditures and for the construction and maintenance of projects of common benefit to the District.

The *Program and Project Implementation fund* is established to account for programs and projects to manage the District's resources. Property taxes are committed for the Program and Project Implementation Fund.

As a general rule the effect of interfund activity has been eliminated from government-wide financial statements.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. Assets, liabilities, deferred inflows of resources, and net position/fund balance

Deposits and investments

The District's cash and temporary investments are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The District may also invest idle funds as authorized by Minnesota statutes, as follows:

1. Direct obligations or obligations guaranteed by the United States or its agencies.
2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
5. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
6. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
7. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
8. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property tax revenue recognition

The Board of Managers annually adopts a tax levy and certifies it to the County in October (levy/assessment date) of each year for collection in the following year. The County is responsible for billing and collecting all property taxes for itself, the District, the local School District and other taxing authorities. Such taxes become a lien on January 1 and are recorded as receivables by the District at that date. Real property taxes are payable (by property owners) on May 15 and October 15 of each calendar year. Personal property taxes are payable by taxpayers on February 28 and June 30 of each year. These taxes are collected by the County and remitted to the District on or before July 7 and December 2 of the same year. Collections for November and December are received the following January. The District has no ability to enforce payments of property taxes by property owners. The County possesses this authority.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the fund financial statements.

Accounts receivable

Accounts receivable include amounts billed for services provided before year end.

Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are reported using the consumption method and recorded as expenditures/expenses at the time of consumption.

Capital assets

Capital assets, which include land, land improvements and easements, are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

GASB Statement No. 34 required the District to report and depreciate new infrastructure assets effective with the beginning of the 2004 calendar year. Infrastructure assets include lake improvements, dams and drainage systems. Neither their historical cost nor related depreciation has historically been reported in the financial statements. For governmental entities with total annual revenues of less than \$10 million for the fiscal year ended December 31, 1999 the retroactive reporting of infrastructure is not required under the provisions of GASB Statement No. 34. The District implemented the general provisions of GASB Statement No. 34 in the 2004 calendar year and has elected not to report infrastructure assets acquired in years prior to 2004.

Compensated absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick benefits, which will be paid to the employee upon separation without the considerations of number of years of service. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The General fund is typically used to pay employee benefits upon termination.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Deferred inflows of resources

In addition to liabilities, the statement of financial position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

Fund balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Board, which is the District's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. Pursuant to board resolution, the District's Administrator is authorized to establish assignments of fund balance.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The District considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Net position

Net position represents the difference between assets and liabilities. Net position is displayed in three components:

- a. Investment in capital assets - Consists of capital assets, net of accumulated depreciation
- b. Restricted net position - Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position - All other net position balances that do not meet the definition of "restricted" or "investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
 FOREST LAKE, MINNESOTA
 NOTES TO THE FINANCIAL STATEMENTS
 DECEMBER 31, 2014

Note 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary information

The Board of Managers adopts an annual budget for the General and Program and Project Implementation fund of the District on an annual basis. During the budget year, supplemental appropriations and deletions are or may be authorized by the Board. There were no amendments to the budget during 2014. The modified accrual basis of accounting is used by the District for budgeting data. All unused project related appropriations carry over to the following fiscal year until the related project is completed.

The District monitors budget performance on the fund basis. All amounts over budget have been approved by the Board through the disbursement process.

The District does not use encumbrance accounting.

B. Excess of expenditures over appropriations

For the year ended December 31, 2014 expenditures exceeded appropriations as noted below:

Fund	Budget	Actual	Excess of Expenditures Over Appropriations
General fund	<u>\$ 122,590</u>	<u>\$ 207,299</u>	<u>\$ 84,709</u>

The excess of expenditures over appropriations was funded by available fund balance.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
 FOREST LAKE, MINNESOTA
 NOTES TO THE FINANCIAL STATEMENTS
 DECEMBER 31, 2014

Note 3: DETAILED NOTES ON ACCOUNTS

A. Deposits and investments

Deposits

In accordance with Minnesota statutes and as authorized by the Board, the District maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all District deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance or bonds.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any Federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the District.

At year end, the District's carrying amount of deposits was \$1,798,143 and the bank balance was \$2,074,468. Of the bank balance, \$715,190 was covered by federal depository insurance. Of the remaining balance, \$1,329,488 was covered by collateral held in the District's name. The other \$29,790 was left uncollateralized at December 31, 2014.

B. Capital assets

Capital asset activity for the year ended December 31, 2014 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities				
Capital assets, not being depreciated				
Land	\$ 9,437	\$ -	\$ -	\$ 9,437

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 3: DETAILED NOTES ON ACCOUNTS - CONTINUED

C. Long-term liabilities

During the year ended December 31, 2014, the following changes occurred in long-term liabilities:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Governmental activities					
Compensated absences payable	<u>\$ 1,349</u>	<u>\$ 5,385</u>	<u>\$ (1,968)</u>	<u>\$ 4,766</u>	<u>\$ 619</u>

D. Operating leases

The District entered into a lease agreement with 494 Properties, LLC for office space. The lease agreement has an effective period of December 1, 2014 and will terminate on November 30, 2019. The lessee has the option to renew the lease for an additional five-year term by providing notice at least 90 days before the lease ends. The rent payments for each month consist of base rent plus a CAM charge. CAM charges include real estate taxes, property insurance premiums, snowplowing, and parking lot upkeep. In addition, the District is responsible for interior and exterior repair and maintenance costs as well as all utility costs. The District paid \$8,005 for rent in 2014.

The following is a summary of future minimum lease payments:

<u>Year Ending December 31,</u>	<u>Amount</u>
2015	\$ 26,646
2016	27,043
2017	27,452
2018	27,873
2019	<u>25,913</u>
Total	<u>\$ 134,927</u>

Note 4: DEFINED BENEFIT PENSION PLANS - STATEWIDE

A. Plan Description

All full-time and certain part-time employees of the District are covered by defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF), which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota statutes, chapters 353 and 356.

GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota statute, and vest after five years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age and years of credit at termination of service.

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
FOREST LAKE, MINNESOTA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014

Note 4: DEFINED BENEFIT PENSION PLANS – STATEWIDE - CONTINUED

Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first 10 years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first 10 years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. GERF members hired prior to July 1, 1989 whose annuity is calculated using Method 1, a full annuity is available when age plus years of service equal 90. Normal retirement age is 65 for Basic and Coordinated members hired prior to July 1, 1989. Normal retirement age is the age for unreduced Social Security benefits capped at 66 for Coordinated members hired on or after July 1, 1989. A reduced retirement annuity is also available to eligible members seeking early retirement.

There are different types of annuities available to members upon retirement. A single-life annuity is a lifetime annuity that ceases upon the death of the retiree--no survivor annuity is payable. There are also various types of joint and survivor annuity options available which will be payable over joint lives. Members may also leave their contributions in the fund upon termination of public service in order to qualify for a deferred annuity at retirement age. Refunds of contributions are available at any time to members who leave public service, but before retirement benefits begin.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the Internet at mnpera.org, by writing to PERA, 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651) 296-7460 or (800) 652-9026.

B. Funding Policy

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. These statutes are established and amended by the State legislature. The District makes annual contributions to the pension plans equal to the amount required by Minnesota statutes. GERF Basic Plan members and Coordinated Plan members were required to contribute 9.10 percent and 6.25 percent, respectively, of their annual covered salary in 2014. In 2014, the District was required to contribute the following percentages of annual covered payroll: 11.78 percent for Basic Plan members and 7.25 percent for Coordinated Plan members. The District's contributions to the Public Employees Retirement Fund for the years ending December 31, 2014, 2013 and 2012 were \$5,552, \$5,741 and \$6,304, respectively. The District's contributions were equal to the contractually required contributions for each year as set by Minnesota statute. Contribution rates will increase on January 1, 2015 in the Coordinated Plan (6.50 percent for members and 7.50 percent for employers).

Note 5: OTHER INFORMATION

Risk management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the District carries insurance. The District pays annual premiums for its workers compensation and property and casualty insurance. Settled claims have not exceeded the District's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The District's management is not aware of any incurred but not reported claims.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Board of Managers
Comfort Lake - Forest Lake Watershed District
Forest Lake, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities and each major fund of the Comfort Lake - Forest Lake Watershed District (the District), Forest Lake, Minnesota, as of and for the year ended December 31, 2014, and the related notes to the financial statements and have issued our report thereon dated April 22, 2015.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, except as noted in the Schedule of Findings and Responses as finding 2014-001. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions.

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of those charged with governance and management of the District and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

ABDO, EICK & MEYERS, LLP
Minneapolis, Minnesota

COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED DECEMBER 31, 2014

Finding Description

2014-001 **Collateral coverage**

Condition: The District had \$29,790 of deposits uncollateralized at December 31, 2014.

Criteria: In accordance with Minnesota statute, section 118A.03, the District is required to have pledged collateral equal to 110 percent of the deposit not covered with insurance.

Cause: Previously, the entire amount of deposits at Central Bank had been covered by the Federal Deposit Insurance Corporation. In 2014, the checking account balance went above the \$250,000 coverage limit.

Effect: At year end, the District did not have sufficient collateral pledged.

Recommendation: We recommend that the District review collateral coverage each month when completing the bank reconciliations and when planning for cash flow. This will not result in any additional cost and will ensure that the District complies with the applicable statute.

Management response:

The District is aware of the situation and plans to monitor the coverage to ensure compliance is met.
