

MEMORANDUM
Comfort Lake-Forest Lake Watershed District

To: Board of Managers

Date: May 3, 2021

From: Mike Kinney

Subject: Lake Association Cost-Share Program

Background/Discussion

A draft lake association cost-share program was originally brought to the March 25, 2021 regular board meeting for discussion. It was noted at the meeting that the original draft did not capture Manger Anderson's vision for the program. Before being brought to the April 28th special board meeting, Manager Anderson created a new draft cost share program. Due to time constraints, discussion on April 28th was limited and the agenda item was moved to the May 13th board meeting.

For past drafts of the cost-share program and other related material please see links below.
