April 15, 2025

Board of Managers  
Comfort Lake - Forest Lake Watershed District  
Forest Lake, Minnesota

We have audited the accompanying financial statements of the governmental activities and each major fund of the Comfort Lake - Forest Lake Watershed District (the District), Forest Lake, Minnesota, as of and for the year ended December 31, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 11, 2024. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Findings**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the District's compliance with those requirements. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported in accordance with Minnesota statutes.

## Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. The District changed accounting policies during the year ended December 31, 2024 related to the accounting and financial reporting for compensated absences (GASB 101). We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates made relates to the liability for the District are noted below.

- Management's estimate of depreciation is based on estimated useful lives of the assets. Depreciation is calculated using the straight-line method.
- Allocations of gross wages and payroll benefits are approved by the Board of Manager within the District's budget and are derived from each employee's estimated time to be spent servicing the respective function of the District. These allocations are also used in allocating accrued compensated absences payable.
- Management's estimate of its pension liability is based on several factors including, but not limited to, anticipated investment return rate, retirement age for active employees, life expectancy, salary increases and form of annuity payment upon retirement.
- Management's estimate of future paid sick time usage is based on historical usage data.
- Management's estimate of its lease payable is based on the present value of lease payments expected to be paid during the lease term.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole. The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

## Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing our audit.

## Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in aggregate, to each opinion unit's financial statements taken as a whole.

We assisted in preparing a number of year end accounting entries. These were necessary to adjust the District's records at year end to correct ending balances. The District should establish more detailed processes and procedures to reduce the total number of entries in each category. The District will receive better and timelier information if the preparation of year end entries is completed internally.

## Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

## Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 15, 2025.

## Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

## Other Matters

We applied certain limited procedures to the required supplementary information (RSI) (Management's Discussion and Analysis, the Schedule of Employer's Share of the Net Pension Liability, and the Schedule of Employer's Contributions), which is information that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the introductory section which accompanies the financial statements but is not RSI. We did not audit or perform other procedures on this other information, and we do not express an opinion or provide any assurance on it.

## Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

## Future Accounting Standard Changes

The following Governmental Accounting Standards Board (GASB) Statements have been issued and may have an impact on future District financial statements:

<b>GASB Statement No. 102</b> – <i>Certain Risk Disclosures</i>	<i>Effective: 12/31/2025</i>
<b>GASB Statement No. 103</b> – <i>Financial Reporting Model Improvements</i>	<i>Effective: 12/31/2026</i>
<b>GASB Statement No. 104</b> – <i>Disclosure of Certain Capital Assets</i>	<i>Effective: 12/31/2026</i>

Further information on upcoming [GASB pronouncements](#).

### **Restriction on Use**

This communication is intended solely for the information and use of management, the Board of Managers, management, and the Minnesota Office of the State Auditor and is not intended to be, and should not be, used by anyone other than these specified parties.

The comments and recommendation in this report are purely constructive in nature and should be read in this context. Our audit would not necessarily disclose all weaknesses in the system because it was based on selected tests of the accounting records and related data.

If you have any questions or wish to discuss any of the items contained in this letter, please feel free to contact us at your convenience. We wish to thank you for the continued opportunity to be of service, and for the courtesy and cooperation extended to us by your staff.
