E. Permit and Field Inspection Fee Deposit

IMPORTANT INFORMATION (PLEASE READ):

Field inspection fee deposit will be cumulative for the categories below. Prior to permit approval and issuance by the Comfort Lake Forest Lake Watershed District (CLFLWD) Board, the applicant must submit a permit and field inspection fee deposit to cover CLFLWD costs of reviewing application materials, monitoring permit compliance, and addressing non-compliance. **Costs incurred by the CLFLWD greater than the deposit balance will be billed to the applicant.** Unused portions of the deposit balance will be returned to the party designated below when District staff confirm that the permit closeout requirements have been met. On permit issuance, the applicant becomes the permittee and is legally responsible for permit violations. A co-applicant or contractor may share responsibility for a violation. However, any CLFLWD costs incurred will be assessed against the fee deposit.

Name of party to receive remainder of permit fee deposit upon closeout: _____
