

MEMORANDUM

Comfort Lake-Forest Lake Watershed District

Date: November 13th, 2025
To: CLFLWD Board of Managers
From: Mike Kinney, District Administrator
Subject: MN Watersheds Annual Conference Packet

District Wide

Background/Discussion

Managers Jackie Anderson and Jim Schottmuller are planning to attend the 2025 MN Watersheds Annual Conference and Business Meeting at Grand View Lodge in Nisswa, MN. Attached are the Region 3 Caucus PACKET and Event Program.

I will note that the CLFLWD is a finalist for BOTH the MN Watersheds Program of the Year *and* the Project of the Year for 2025. This has never happened before this year. If we are notified on the days prior to the conference that we are a winner of either category, it might be appropriate for additional board members to consider attending the conference for at least the awards ceremony on Thursday evening. Though, the conference is very educational overall and good opportunity for managers to learn about new initiatives and interact with other board members.
