PUBLIC NOTICE: Flowering Rush Herbicide Treatment on Forest Lake – September 17th

Forest Lake - The Comfort Lake-Forest Lake Watershed District, in conjunction with the City of Forest Lake, Forest Lake Lake Association, Washington County, and MN Department of Natural Resources, will be conducting the third of possibly several rounds of aquatic invasive species herbicide treatment of flowering rush on Forest Lake **September 17th**. The herbicide that will be used is called Tribune (active ingredient is Diquat) and will be applied by the licensed applicator company, PLM Lake and Land Management Corp. The third round of treatment will be performed by PLM, which will target the heavy growth areas. This year's flowering rush treatment will consist of numerous small area spot treatments. A map of the treatment areas may be found at www.clflwd.org.

Signatures for aquatic invasive plant treatments are not required for the Comfort Lake-Forest Lake Watershed District as the Minnesota Department of Natural Resources has waived the signature requirement, as allowed by state statute. The law requires notification to lakeshore owners on how to opt out of treatments. According to Minnesota Statutes (103G.615, Sec. 78, Subd 3a,b,c), the District is required to notify landowners of proposed treatments, offering them an opportunity to request that treatment not occur on waters adjacent to their property. (Adjacency is defined as waters within 150 feet of the shore lake-ward between property lines). It is the landowner's right to request treatment not be performed in front of their property. Contact the District using the information below to opt out.

Additional notifications have been or will be provided. These include a mailed brochure to all residents on Forest Lake and a notice posted on the District's website at www.clflwd.org.

Those who opted out of the first or second round of treatment will automatically be opted out of the third round as well. Anyone who did not opt out of the previous rounds of treatment, but wishes to opt out of the third round may do so by contacting:
