4. Please explain why do you wish to be appointed to the Citizens Advisory Committee?

I believe that its my turn to give back. There are many that came before me that stood up for what was best for our lakes and tributaries. Its my turn to carry the torch so to speak to make sure the work of others continues and to seek new oppurtunities for growth and science to aid in protecting our water and shoreline.  
Plus, to colaborate more with other lake associations and strengthen the relationships between the CLFLWD and these associations.

5. Please explain why you feel you can best represent the interests and concerns of the citizens of CLFLWD.

Currently a lakeshore owner and taxpayer I feel that I can see and hear concerns on both side of the table. Make amlicable decisons that have everyones best intrest at heart, while being the best possible steward of the land and water.
